

# PARK PROGRAM

Skateparks, BMX tracks,  
and similar facilities

**BFL CANADA** offers municipalities, both members and non-members of the Union des municipalités du Québec (Quebec Municipality Union), a liability insurance program for their skateparks, BMX tracks, and similar facilities.

## THE PROGRAM'S SPECIAL FEATURES INCLUDE:

|                                                                                                                            |              |
|----------------------------------------------------------------------------------------------------------------------------|--------------|
| Policy period                                                                                                              | 12 months    |
| General liability insurance<br><b>For skateparks and BMX tracks</b>                                                        |              |
| Limits per loss                                                                                                            | \$5,000,000  |
| Limit per policy year applicable to each certificate holder                                                                | \$10,000,000 |
| Excess liability insurance<br><b>For skateparks and BMX tracks</b>                                                         |              |
| Limits per loss                                                                                                            | \$5,000,000  |
| Limit per policy year applicable to each certificate holder                                                                | \$5,000,000  |
| Deductible applicable to property damage, bodily injury, and personal injury for both compensation and expenses, per claim | \$10,000**   |
| Annual premium per skatepark*                                                                                              | \$1,617**    |
| Annual premium per skatepark that allows the use of BMX*                                                                   | \$2,887**    |
| Annual premium per BMX* track and pump track                                                                               | \$3,270**    |

\* Regardless of module number.

\*\* Premiums, limits and deductibles are for the 2023–2024 period and for information purposes only; they are subject to change.

Premiums are billed on a pro rata basis according to program enrollment date, with no minimum premium. Although recommended, fencing parks and tracks is not compulsory. Only the posting of rules and regulations is mandatory. Standard rules and regulations are available on request.

To enroll in this program, UMQ member municipalities simply need to complete and return the application form. In the days following receipt of the form, **BFL CANADA** will issue an insurance certificate confirming coverage, as well as an invoice .
